

DIRECTIONS TO DACC SOUTH CAMPUS – 4565 Columbus Pike

Due to construction taking place at the south campus, the front drive that connects the DACC parking lots directly to State Route 23 is closed and is only accessible to construction and emergency vehicles.

Please enter the south campus using either Peachblow Road/Glenn Parkway (immediately south of the campus) or take OhioHealth Boulevard (immediately north of the campus) and turn right onto Glenn Parkway at the round-about.

Both roads lead to the main entrance at the back of the building.

Construction is taking place in and around the parking lot so please drive carefully.
